

The Virginia Green program strives to **educate** the tourism industry about sustainable practices and innovative products that can significantly reduce the environmental impacts of their operations. Furthermore, Virginia Green strives to **engage** our partners and consumers in a meaningful dialogue that is mutually beneficial. Together, we strive to promote the Virginia Green partners and achieve environmental **results**.

Over the past 12 years, 1800+ tourism businesses have voluntarily certified their environmental commitments and practices and been recognized as certified Virginia Green Partners. The program is administered by the non-profit Virginia Green Travel Alliance (VGTA) and works in partnership with the Virginia Tourism Corporation, the Virginia Department of Environmental Quality, and the Virginia Restaurant, Lodging & Travel Association.

## Re-Certification as a Virginia Green Travel Partner at the
